

# PONY TALES

Volume 2, Issue 7

November-December 2007

## Fall Pony Roundup

The annual Fall Pony Roundup was held at Mustangs Unlimited on November 11th. Although there was a Toys For Tots show at Year One on Saturday, we still managed to have over 70 cars show up to participate. Mustangs Unlimited provided several door prizes. The Hooters Girls were on hand to sell tickets for the Mustangs Unlimited Gift Certificate drawing. We collected \$800 to spend on additional toys. Thanks to all who came out and helped make the show a success!

## After Christmas Party

The annual after Christmas party will be held at Jaemor Farms on January 12 from 1-5. The club will provide a meat tray and drinks. Please bring your favorite covered dish to share with the club. Once again we will have the White Elephant gift exchange. Please keep the gifts to less than \$20. Who will get the Lincolns this year? We will hold the January meeting after lunch.

## Mustang Collectibles

Last Newsletter I talked about Japanese tin cars. Another type of car collected and more common is what I like to call the large die cast cars. These are either 1:18 or 1:24 scale and are generally pretty well detailed. The level of detail varies as does the cost. Perhaps the most consistent quality and detailed mid priced cars are made by Auto Art. Several other manufacturers such as Ertl, American Muscle, Maisto, Welly, Classic Garage, Hot Wheels & DUB can be found at nearly every car show. Some

newer releases are the "For Sale" series that look like a car under restoration or needing one. If you want the most correct and extremely detailed cars, then look to GMP Diecast. Their cars have correct and high detail and are available in many styles. Most of the large cars can be purchased for \$20.00-\$50.00 at a show or on the internet. Expect to pay \$100.00 or more for the GMP models. Look around. You might just find one that matches your car to put on your mantle.

## New Member Spotlight

New members Bob & Linda Goff from Lavonia joined at the Fall Pony Round Up. Bob has been involved with Mustangs or Cougars one way or another for most of his life. If you have been around to any cruise-in event or show, you probably ran into Bob or saw one of the many cars he restored-modified and then sold after tiring of it. I have one of them. His current car is a standard 72 fast back that he has modified to look like a Mach 1. He replaced the 302 2V with a modified 351C 4V. A large cam, headers, and igni-

tion upgrades to the engine with a 5 speed for gas mileage to come real soon. A fresh coat of Grabber Green metallic paint, reproduction interior and 17" Mag-

nums complete the package. He added Mach 1 stripes and some personalized decals that say 351 HO. He calls it his "green ho". Currently Bob is working on a 68 Cougar that he is modifying with a 351w, performance suspension, 5-speed, 4 wheel disc brakes, air conditioning and upgraded interior. Bob and Linda have 2 boys. Robbie who is married with 2 children and Anthony who still lives at home. Bob &

## Next Meeting

The meeting will be held after the holiday party and gift exchange. This is an election year so consider running for an office if you have the time and the drive to do the job. There has been some discussion about a club shirt design. We haven't had a shirt for several years and if you have some ideas, bring them with you. David will try to get rough artwork done for the club to vote on. It's

dues time again. If you joined after March 07 then you are exempt till next year. For the rest of us, it's time to pony up 20 bucks. If you can't make the meeting, then mail your dues to:
